EDUCATION

PhD in Computer Science

University of Copenhagen

2023 – Present
Copenhagen, Denmark

Supervisor: Dr. Anders Søgaard (PhD, University of Copenhagen)

Research Focus: AI and NLP Evaluation, Efficient Evaluation, Multilingual Evaluation

Masters in Linguistics

English and Foreign Languages University

2018–2020
Hyderabad, India

Supervisor: Dr. Utpal Lahiri (PhD, MIT)

Course: Natural Language Processing, Artificial Neural Networks, Mathematical Linguistics

EXPERIENCE

AI Research Engineer Intern, Refractal (London, UK)

AI Agent Security Startup

08/2026 – Present

- Developing evaluation harness for AI Agents
- Model evaluations for cybersecurity and red teaming in compliance with regulations

Visiting Researcher, ETH Zürich (Zurich, Switzerland)

World top-ranked Department of Computer Science

06/2026 – Present

- Developing low-cost efficient evaluation methods for LLMs
- Researching multilingual skill-based LLM evaluation.

AI Researcher, Flowrite Oy (Helsinki, Finland)

Early-stage startup in productivity enhancement with Generative AI

02/2022 – 06/2023

- Building model evaluation pipelines for generative LLMs
- Developed large-scale annotation and user feedback frameworks for model alignment

NLG Engineer, Cerence Inc (Pune, India)

Enterprise language & speech technology for the automotive industry

05/2021 – 02/2022

- Engineered NLG and Speech Recognition for multilingual voice assistants across 10+ languages
- Conducted evaluation for speech-driven interactions in real-world automotive settings

Associate Engineer, Kore AI (Hyderabad, India)

Enterprise conversational AI solutions

01/2021 – 05/2021

- Developed production-ready chatbot solutions leveraging intent classification and entity recognition
- Collaborated with cross-functional teams to deliver AI-powered tools for customer engagement

Research Fellow, Indian Institute of Technology (IIT) (Delhi, India)

Delhi, India

09/2020 – 12/2020

- Advanced research on multilingual semantic annotation pipelines in NLP

FIRST-AUTHOR PUBLICATIONS

- **Ruchira Dhar**, Qiwei Peng, Anders Søgaard. “Does Item Response Theory Generalize Across Languages? Evidence from Cross-Lingual LLM Benchmarks” *Findings of EMNLP*, 2026.
- **Ruchira Dhar**, Qiwei Peng, Anders Søgaard. “Evaluating Adjective-Noun Compositionality in LLMs: Functional vs Representational Perspectives.” *The 15th Joint Conference on Lexical and Computational Semantics (*SEM), ACL*, 2026.
- **Ruchira Dhar**, Stephanie Brandl, Ninell Oldenburg, Anders Søgaard. “Beyond Technocratic XAI: The Who, What & How in Explanation Design.” *AAAI/ACM Conference on AI, Ethics, & Society (AIES)*, 2025.
- Hyewon Willow Han*, **Ruchira Dhar***, Qingqing Yang*, et al. “Investigating the role of modality and training objective on representational alignment between transformers and the brain.” *UniReps: 2nd Edition of the Workshop on Unifying Representations in Neural Models, NeurIPS and Proceedings of Machine Learning Research*, 2024. (*Equal Contribution First Authors)

FIRST AUTHOR WORKSHOP PAPERS

- **Ruchira Dhar**, Ninell Oldenburg, Anders Søgaard. “On the Measure of a Model: From Intelligence to Generality.” *Science of Benchmarking and Evaluating AI Workshop, EurIPS*, 2025.
- **Ruchira Dhar**, et al. “EvalCards: A Framework for Standardized Evaluation Reporting.” *Science of Benchmarking and Evaluating AI Workshop, EurIPS*, 2025.
- **Ruchira Dhar** and Anders Søgaard. “From Words to Worlds: Compositionality for Cognitive Architectures.” *LLMs & Cognition Workshop, International Conference on Machine Learning (ICML)*, 2024.

INVITED TALKS

- “Are We Testing the Right Things in Multi-Agent AI?”. UKAI Forum & Meridian Cambridge, St John’s College, University of Cambridge, United Kingdom. October 2025.
- “The Completeness Problem: Beyond Human Metrics in Assessing Abilities of Cognitive Systems?”. International Symposium on AI & Neuroscience (ACAIN), Italy. September 2024.

TEACHING

Teaching Assistant — NLP Course (NDAK18000U) *2023 – Present*
Department of Computer Science, University of Copenhagen
Undergraduate and graduate-level instruction in natural language processing.

EXTRA CURRICULARS

Venture Fellow, Creator Fund *2025 – Present*
Evaluating product and infrastructure for AI startups for technical diligence.

Open Science Lead, Cohere Labs *2024 – Present*
Driving AI research engagement across a global community of 200+ researchers.

Fellow, Centre for Philosophy of AI, University of Copenhagen *2023 – Present*
Leading research on the socio-ethical implications of AI systems and AI governance.

SKILLS

Programming Languages: Python, R, C++, SQL

Languages: Danish (Limited Working Proficiency), English (Native Proficiency), Bengali (Native Proficiency), Hindi (Native Proficiency)
